

Evonik Tippecanoe Blood Drive has Record Setting Day

PARSIPPANY, N.J., June 3, 2016 – Employees at Evonik Corporation’s Tippecanoe Laboratories rolled up their sleeves to aid their community by donating 28 pints of blood in just 4.5 hours recently. The 28 pints is a new site record.

For the year, Evonik employees have already donated 73 pints in just three drives so far. Last year, Evonik held five on-site blood drives and collected a total of 94 units. That means 282 lives were potentially impacted since every unit can save up to 3 lives.

“We are pleased to see the site embracing the blood drive,” said Keith Baumann, director, Site Human Resources–West. “Employees at Tippecanoe have a long history of community involvement and this is just another way for them to give back.”

According to the American Red Cross, every two seconds someone needs blood in the United States. The number of whole blood and red blood cells collected in the U.S. annually is 13.6 million.
